Semi-Annual Council Meeting
July 10-11, 2015

The Council on Chiropractic Education (CCE) is the agency recognized by the U.S. Department of Education (USDE) and the Council for Higher Education Accreditation (CHEA) for accreditation of programs leading to the Doctor of Chiropractic (DC) degree and single-purpose institutions offering the Doctor of Chiropractic Program. CCE seeks to ensure the quality of chiropractic education in the United States by means of accreditation, educational improvement and public information. CCE develops accreditation criteria to assess how effectively programs or institutions plan, implement and evaluate their mission and goals, program objectives, inputs, resources and outcomes of their chiropractic programs. The CCE is also a member of the Association of Specialized and Professional Accreditors (ASPA) and the CHEA International Quality Group (CIQG).

In accordance with USDE and CHEA requirements, the following are the accreditation actions taken by the Council at its Semi-Annual Meeting:

Reaffirmation of Accreditation (8-Year Cycle) – *The process for reaffirmation of accreditation begins with the program providing a letter of intent to seek continued accreditation with CCE. Approximately 12 months later, the program provides the Council with their Self-Study Report (self-assessment of their program based on the current CCE Accreditation Standards). A peer review site visit is conducted at the program to verify and validate the information presented in the self-study report. Lastly, the Council reviews the self-study report, the program response to the site visit report and meets with program representatives in a status review meeting where the Council determines if the program meets the Standards and subsequently makes a decision to reaffirm, defer or revoke the accreditation status of the program and/or impose sanctions.*

Initial Accreditation - *The process for initial accreditation begins with the program submitting an application, which includes; a letter of intent to seek accreditation with CCE and evidence of the requirements of eligibility (based on the current CCE Accreditation Standards). Following review, the Council determines if further documentation is required or establishes timelines for the program regarding the self-study report, peer review site visit and status review meeting where the Council determines if the program meets the Standards and subsequently makes a decision to award, defer or deny the accreditation status of the program.*

The Council conducted review of one (1) application for initial accreditation of a Doctor of Chiropractic Degree Program and five (5) applications for initial accreditation of Doctor of Chiropractic Residency Programs.

Program Characteristics Reports (PCRs) - *PCRs are submitted by programs every 4 years and in-between their reaffirmation and interim site visit schedule. These reports are required as one of the reporting requirements the Council utilizes to continue its monitoring and reevaluation of its accredited programs, at regularly established intervals, to ensure the programs remain in compliance with the CCE Accreditation Standards in accordance with US Department of Education (USDOE) and Council for Higher Education Accreditation (CHEA) criteria.*
