

Committee to The Councils on Chiropractic Education International

1. Serve as a member of the Board of Directors of CCEI to govern the property, affairs, business, and concerns of CCEI.
2. Work with the CCEI Board to define minimum model educational standards and ensure their adoption and maintenance by chiropractic accrediting agencies worldwide for the purpose of assessing the effectiveness of chiropractic education programs in planning, implementing, and evaluating their missions, goals, program objectives, inputs, resources, and outcomes.
3. Work with the CCEI Board to establish an accreditation process and ensure appropriate implementation and administration of the process by accrediting agencies worldwide.
4. Work with the CCEI Board to establish and maintain a process for verifying equivalence of the educational standards and accreditation processes utilized by CCEI member accrediting agencies worldwide.
5. Assist and provide guidance for the development of accrediting agencies toward their full autonomy and membership in CCEI.
6. Promote continuous improvement of model educational standards, recognizing educational, cultural and legislative diversity in various countries and regions.
7. Advocate quality education through the dissemination and promotion of information to governments, professional organizations and others.

Members - Joseph E. Brimhall, D.C., Craig S. Little, D.C.

Ex-officio - David J. Wickes, D.C., Lee Van Dusen, D.C.
